

4-Day Premium Forklift Trainer Certification

Learn how to train operators of counterbalanced forklift, narrow aisle forklift and powered pallet truck in our 4-Day Premium Forklift Trainer Certification Program. Trainees receive in-depth instruction on powered industrial forklift trucks as well as extensive instruction on how to effectively train lift truck operators. Each trainee's knowledge and demonstrated skills in all aspects of the program are evaluated and graded prior to certification. Successful attendees will receive a certificate of completion and trainer wallet card.

Program Duration: 4 days (8:00AM – 5:00PM)

Equipment Addressed:

- Counterbalanced Forklifts
- Narrow Aisle Forklifts
- Powered Pallet Trucks

Program Structure:

- 70% Classroom Theory Training
- 30% Practical Hands-on Training
- **Program Capacity:** Maximum of 16

Program Outline

Day 1

- Introduction and program requirements
- Trainer pre-test
- Program overview and objectives
- Review of applicable regulations and industry standards
- Classroom and practical instructional techniques
- Homework assignment

Day 2

- Review of Day 1
- Counterbalanced Forklift (CB) Reference Manual review
- Review CB Operator Theory Test
- Equipment pre-use inspection (hands-on)
- Practical training skills
- Driving course set-up
- Practical training exercises (hands-on)
- Homework assignment

Day 3

- Review Day 2
- Narrow Aisle Forklift (NA) Reference Manual review
- Review NA Operator Theory Test
- Operator Practical Evaluation Form

- Practical evaluation skills
- Practical evaluation exercises (hands-on)
- Homework assignment

Day 4

- Review Day 3
- Powered Pallet Truck (PPT) Reference Manual review
- Review PPT Operator Theory Test
- Powered Industrial Truck Trainer Theory Test
- Documentation/certification procedures
- Establishing a site & equipment-specific operator training program and lesson plan
- Final Written Examination
- Operator recertification procedures
- Program review and wrap-up

Important Details:

- Trainees must have functional English language reading, writing and speaking skills.
- Trainees will be sent Counterbalanced Forklift, Narrow Aisle Forklift and Powered Pallet Truck Reference Manuals prior to the program for review and completion. Each trainee must bring their completed manuals with them to the program.
- Trainees should have experience working on and/or with the equipment addressed.
- Operator credentials are not issued during this program. A successful trainee will be qualified as an IVES Certified Trainer.

Ives Train the Trainer programs aren't make or model specific, our training covers concepts common to all types of powered industrial trucks including Clark, Hyster, Raymond, Crown, John Deer, Toyota, Nissan and Yale. The title says it all; the 4-Day Premium Forklift Trainer Certification Program is the best out there.
